## Australian Asphalt Pavement Association (AAPA) International Knowledge Transfer (IKT) 2018 outreach to Asia

AAPA and supporting partners will host delegates throughout South Korea, Japan and China - including the GeoChina 2018 Conference.

### Topics of discussion include:

- The latest sustainable flexible pavement initiatives
- Pavement management systems and public procurement
- Automated pavement condition monitoring
- Perpetual pavement design
- Safety at roadworks
- Asphalt technology for airports
- Noise attenuating porous asphalt
- Bitumen refining for the Australian market
- Bitumen and polymer modified binder specification
- Smart systems for process control
- Roadworker safety management
- Smart construction and process control
- Attracting the next generation professionals
- Pavement engineering practices

### Tour Dates: 14 - 29 July 2018

#### South Korea 14 - 17 July

- Korea Institute of Civil Engineering & Korea Expressway Corporation
- Hyundai Engineering & Construction, Smart Construction Team
- Site visit
- SK Energy Refinery
